

Jeffrey Weinberger, MD
Specialdocs Client

Here's why physicians are choosing Specialdocs

Specialdocs provides a unique approach to the business of supporting concierge medicine practices.

Here's what you can expect when partnering with Specialdocs:

Control of your revenues

We deposit membership funds directly into your account, giving you full access at all times and additional peace of mind during the transition.

Minimize your risk

We help mitigate risk by performing an in-depth evaluation of your practice and providing guidance through every step of the transition and beyond.

Get fair and equitable terms

We're about handshakes, not handcuffs. Our contracts start as a four-year initial agreement with an optional future extension.

Avoid non-compete clauses

You won't find non-compete clauses in our contracts. When the contract expires, you aren't restricted on where or how you practice medicine.

We manage membership-fee collections

You and your staff are able to focus on providing the best patient care possible while we manage your membership billing process and collection.

Strategic, personal patient communications

Using the right tone, the right words, at the right times can make all the difference in transitioning with a panel of supportive, loyal patients. We provide marketing support, including website, branding materials and patient communications.

World-class training for your staff

We provide expert training for your staff before, during and after the transition to ensure that they're educated and enthusiastic about your practice transformation.

Regulatory guidance and strategy

We tap into the collective knowledge of the nation's leading concierge medicine legal counselors to offer guidance in compliance with the latest regulations.

Sustain and grow your concierge practice

Even the most successful practice can expect an attrition rate of 5% annually. We generate the continued outreach to new patients that's crucial to keeping your practice healthy and thriving.

Get ready for retirement

Specialdocs creates a personalized succession plan to prepare you for retirement and ensure continuity of patient care. We'll guide you at every stage of the process, including recruiting and introducing a new physician to your practice.

Considering transitioning your practice to the concierge model?
Let's have a conversation.
